It's really been "hectic" here in Bearland. I had no idea that being Editor would be such a hassle.

My staff and I tried to put together a book that you would enjoy. We especially want our Seniors to enjoy this edition since this is their last edition.

My greatest appreciation goes to the faculty and students for their co-operation. Also a great big thanks to the members of the yearbook staff who worked so consistently in this very worthy effort.

Editor-in-chief,
Stephen Johnson

NOTHING GOLD CAN STAY

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

U.L. The Senior Class of '87's version of the "three stooges"; Greg Senter, Chris Baggett, and Scott Adkins.
U.R. Misty Watson, Senior, takes a break from office aide and rests against a door.
C. Seniors Angela Strickland and Kim Applegate obviously enjoy Trigonometry and Analysis.
L.R. Basket Cases I and II, Seniors Brad Busby and Chuck Ewings.

U.R. Senior Tommy Haley looks as though he really enjoys his English class.
C. Senior Tara Willoughby is caught in a "rare" moment of confusion.
C.R. "Remember when we used to look like this?" asks Shelly Reynolds and Shari Midler.

Well Seniors, the end of our High School years are finally over. It seems just like yesterday that we were leaving Weldon Middle School as 8th graders and entering the world of higher education as freshmen.

Upon graduation, what are your plans? Perhaps a few years of college or maybe even a job. For most of us though, we'll be out on our own. Meeting new people will be a new thing for some of us. Yet others will remain here with friends just because they don't want to let go.

I have, therefore, made this section as special that I think it can be. A picture is worth a thousand words, so I have made sure to include as many pictures that I could get my hands on. Also, I felt that I was compelled to dedicate the Senior section to the memory of Stacey M. Welch. Many of us were grief stricken and felt empty after her death. But I think that with this dedication, everything somehow seems whole again.

I hope you enjoy this section as much as I enjoyed putting it together. I hope that it will provide you with pleasant memories in the future.

This year's "Parade of Champions" was one of great beauty and success. We had many different groups and organizations represented in the Gladewater Homecoming and Christmas parade, as well as the Yamboree parade in Gilmer. We also have a picture of Mr. Max Shields (courtesy of senior Kenneth Perrymon) "gearing up" for the weekend.

Somewhere Out There

TO THE SENIORS

The soft music, the lights low
Our last dance with friends we know
The merry voices and spirits light
Overflow the sorrow with fun tonight
May God help and keep the
courage of the quest
And hope the road's last turn
will be the best.
And when the night has ended
Only a memory will last
Of the glorious evening past.

G.H.S. Workers

ACADEMICS

Math

The math department at GHS is devoted to instilling Mathematic skills into minds of their students.

GHS offers math courses from Fundamentals of Math to Trigonometry. "I have to admit, at first I did not think I'd be able to keep up with the work in computer math. Once we began learning the characters, I really became interested in the work," exclaims Senior Paula Gattes.

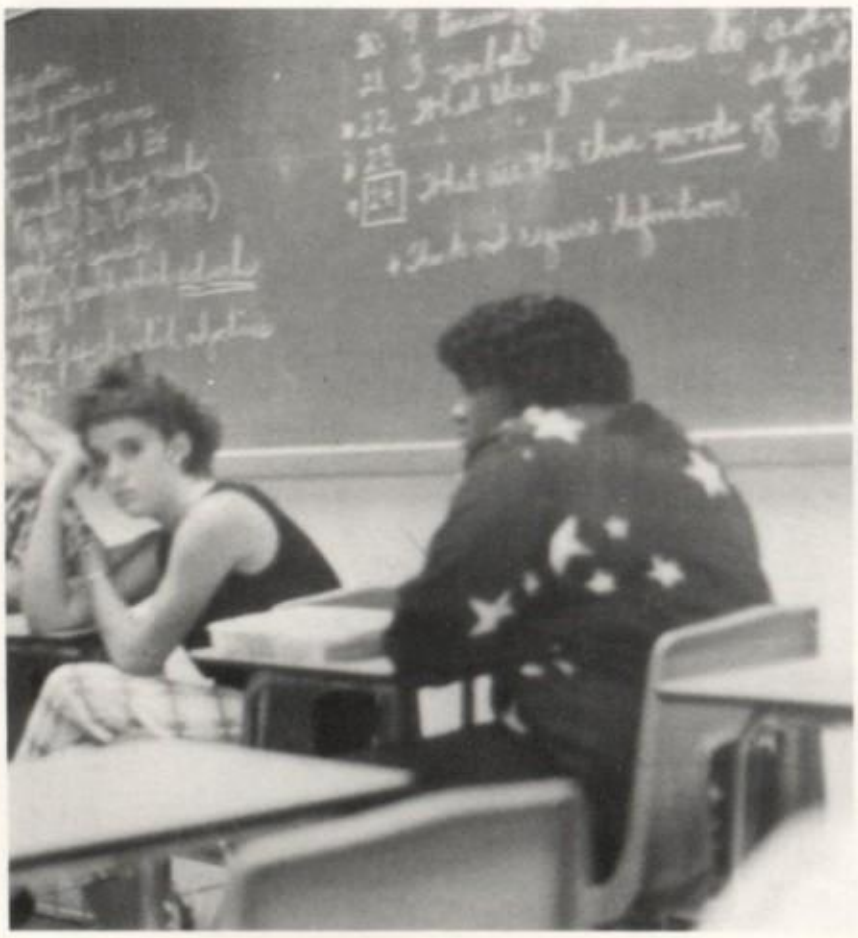
In this day and age, knowing computer skills is a must, this is the reason why Mr. Clark is so energetic toward teaching computer skills.

English

The English classes this year seemed to be enjoyed by the majority of the students. The English teachers have introduced their classes to many distinguished authors, poet, playwrights, and other such influential persons. This helps to prepare each student with the knowledge to go and have the incentive to want to learn more about English Literature.

Science

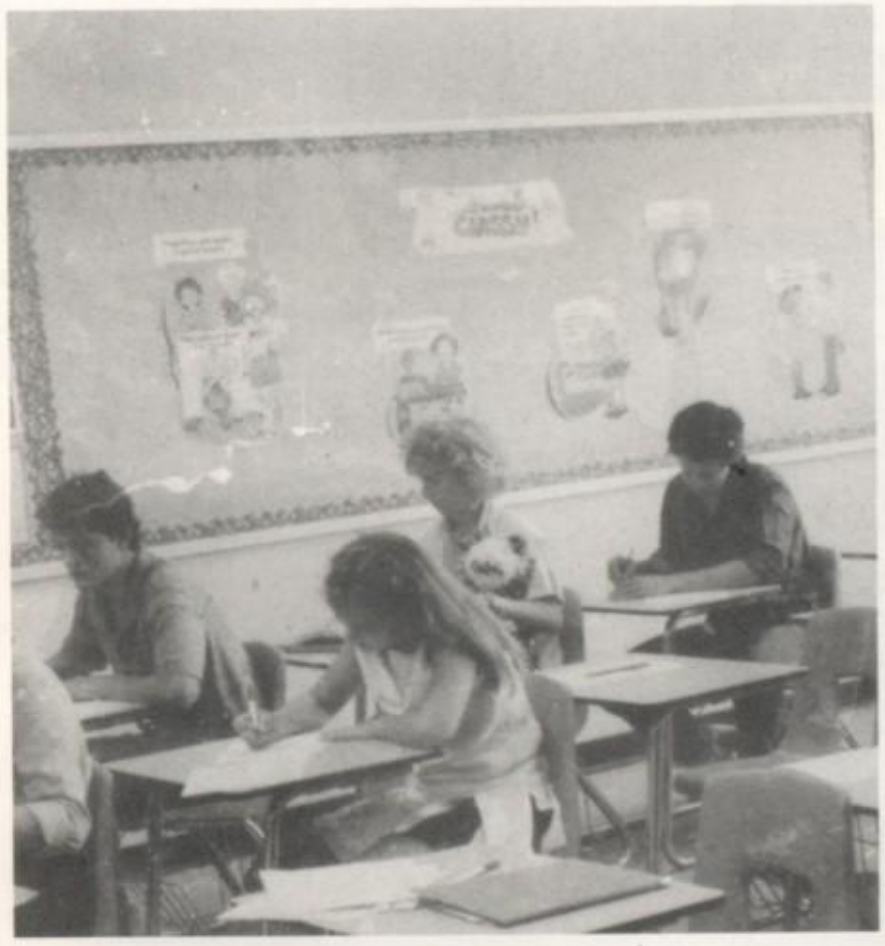
The Science Department of GHS is very advanced in comparison to other high schools in this area. Our school has access to the up to date facilities where the students can study everything from physical science to chemistry.

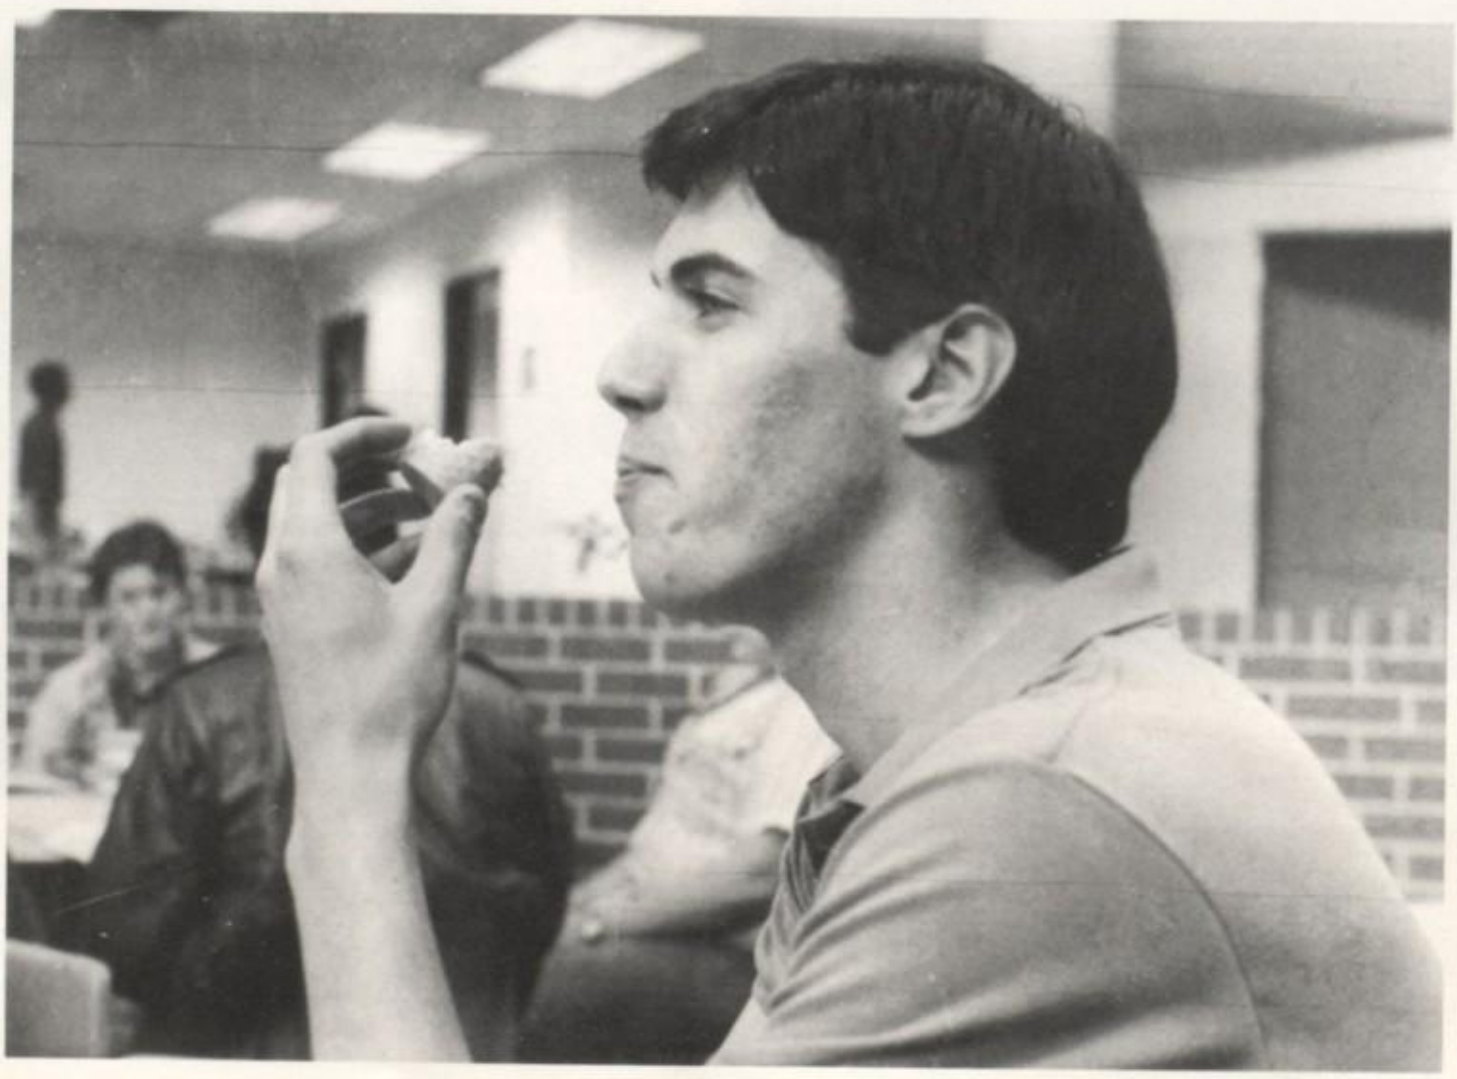


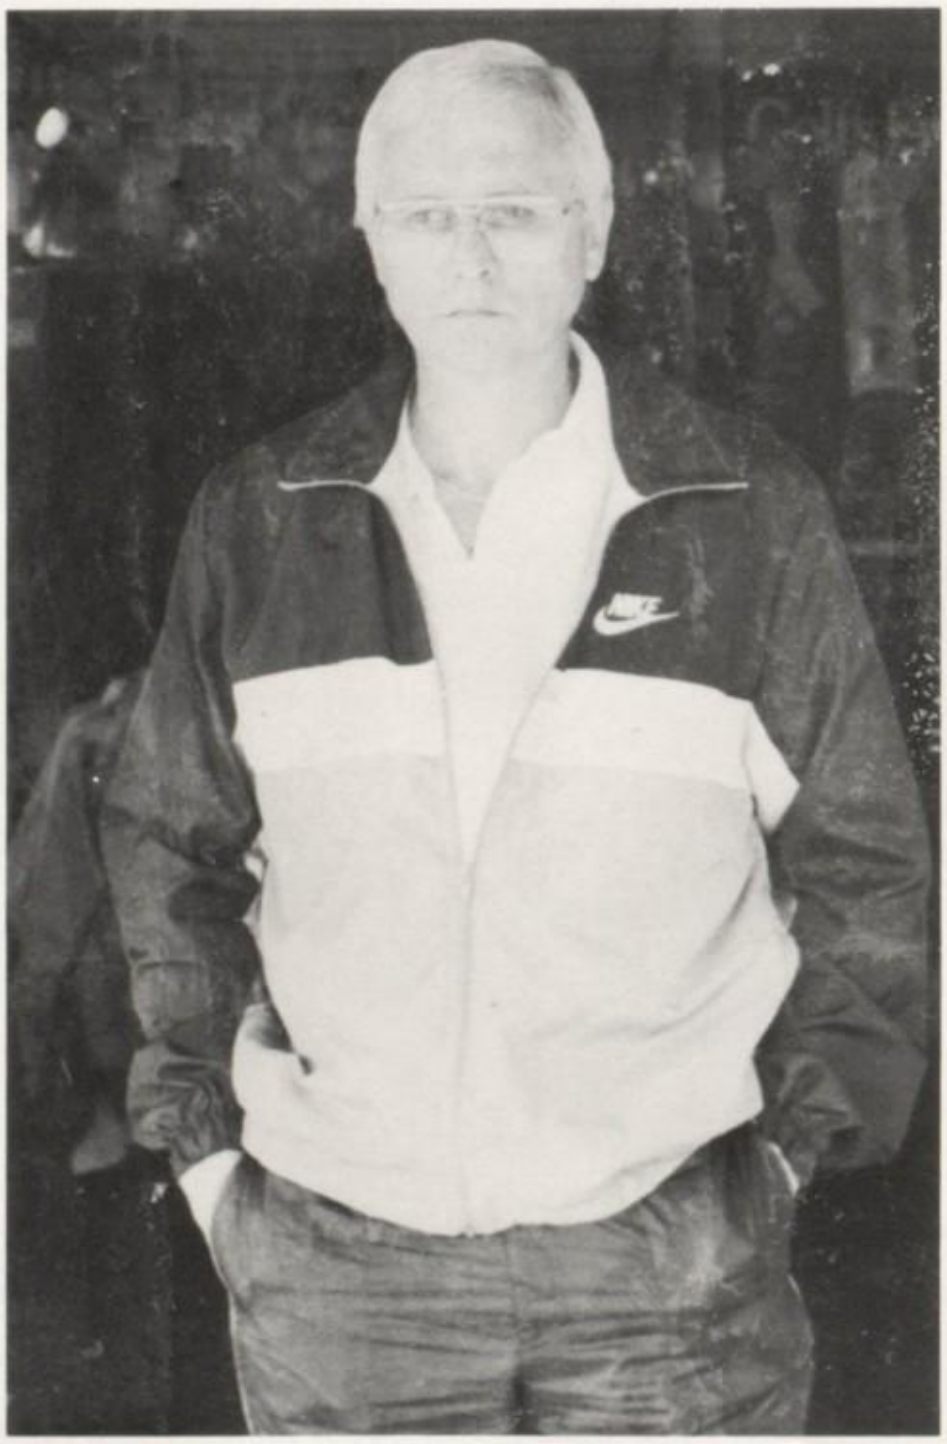
History

History teachers at GHS are familiar with the phrase "He who forgets his history is destined to repeat it" which is why they strive to help students get a better understanding of why things were as they were and are as they are today.

"The indepth highlights of History have been brought to focus in Coach Clay's World History class," remarked Junior Karla Gee.







Coaching: G.H.S. Style

Looking back on the year, it was obvious to everyone that G.H.S. has one of the best athletic departments in Class 3A.

We must look behind the players that make things happen to the people who gave them the skills to achieve what they accomplished. These people are the coaches.

When asked about the overall job performed, Head Coach Jack Murphy replied, "They did a great job. They are great people to work with and they all have a great sense of humor. The coaches at G.H.S. give the best of their talent."

With this in mind, G.H.S. excelled in Football, Track, Volleyball, Tennis, Cross Country, and Golf.

"Attitude is what life is all about. Whether you are playing football or in the band, you get out of life what you put into it. If you have the proper attitude, you realize that preparation and desire are essential in achieving a goal."

Special Olympics

"SPECIAL OLYMPICS UNITING THE WORLD" is the theme for the 1986-87 year as proclaimed by Eunice Kennedy Shriver, sister of the late President John F. Kennedy, and Chairman of Special Olympics. You may ask but how can we make a difference in a world-wide effort? The Gladewater Special Olympic team started right here in our own backyard by inviting family and friends from Sabine, White Oak, Union Grove, and Longview to participate in our year of fun activities. How can the world be united if neighbors are not united first?

Special Olympic activities included the following: Fall — A sports banquet, Halloween party and bowling in Longview and Dallas. Winter — A Christmas party, a Basketball clinic coached by Gene Iba and athletes from the Baylor Bears and attendance at the largest basketball tournament (79 teams) ever held in the state of Texas. Spring — Frying biscuits at an overnight campout and in Lufkin at a field and track meet, a show for the entire state of Texas. May will find us in Austin with the 1st, 2nd, and 3rd place winners of the Lufkin meet.

Center — Kermit Young displaying his "way with women" at a Halloween party by converting a witch (balloon) into a "dark-eyed" blonde.
Bottom — Nearest the fire: Pat Fox — Special Ed. aide, Kathy Roberts, and Coco Cobb.

Upper left — Holding hands and singing Christmas carols around the campfire where wieners were roasted earlier are: L to R, Kermit Young, Suzan Trull, Kathy Roberts, Samuel Hayden, Craig Sharp, and Maleta Blessing.
Middle left — Calvin Pierce looking at the state basketball trophy received at Waco for 1st place in (2A bracket) tournament. Looking over his shoulder is Kermit Young.

High school memories have a way of appearing in some of the most fashionable settings.

The Jonathan West Collection by Balfour is the perfect example. It lets you keep those priceless memories—but lets you do it with an unmistakable sense of fashion. There are so many styles, and stones, and decorative details to choose from, you'll just love creating your own personal class ring that makes its own statement about your special style.
